BOSTON GAS COMPANY, COLONIAL GAS COMPANY AND ESSEX GAS COMPANY  
D/B/A KEYSPAN ENERGY DELIVERY NEW ENGLAND

D.T.E. 04-62

Respondent: Ann Leary

Information Request DTE 1-17

- Q. Please explain the reasons why the “Average Monthly Use per Customer” for Colonial Gas - Cape Cod Division, shown in Exh. KED/AEL-3d at 1-22, is in \$/therm while the tariff unit for this company is in \$/ccf as shown in Exh. KED/AEL\_11. If this was due to an inadvertent error, please revise the applicable schedules to correct for such an error.
- A. The “Average Monthly Use per Customer” line was mislabeled. The “Average Monthly Use per Customer” is in Ccf and not therms. The calculations are correct.
